

VENTILATOR GS-APK-KH With Cable Grommet

- Combination of ventilator/cable grommet and frame can be customised.
- Small holes ($\phi 1.5\text{mm}$) prevents insects from entering.
- When used with frame, ventilator and cable grommet can be removed for cleaning.
- Sold in a set or separately (Frame, ventilator and cable grommet).

[Remarks]

- Please use glue for installation.

[Application Example]

Picture above is a combination example of ventilator/cable grommet and frame.

[Colour Variation]
