GS-AS-H30
Back screw mount handle (sold separately)
Hexagon socket countersunk head screw M4 or M5※
GS-AS nut (sold separately)
※Screws not included.

2×φ5.5 φ11

[How to Install]

GS-AS nut

1. Fix bracket GS-AS-H30 and back screw mount handle (sold separately) with mounting screws.

2. Lightly fix GS-AS nut (sold separately) and bracket with mounting screws.

3. Put GS-AS nut (sold separately) into the groove of aluminium frame, and fix it by tightening the screw.

Item Name	Material	Finish	Aluminium Frame	Weight (g)
